**Beauty Is As Beauty Does . . . Thoughtful,  
Imaginative Planning In Ageless Modern**

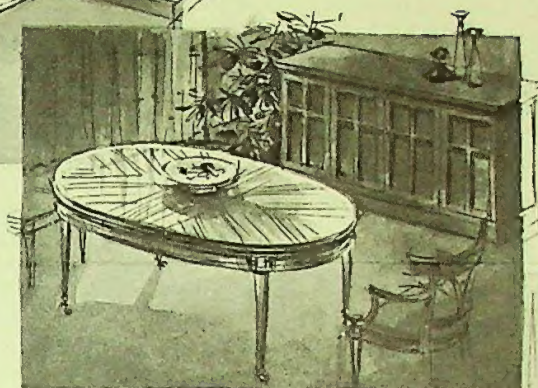

Furniture with such charmingly simple sophistication will accent, yet blend with the designs of yesterday, today and tomorrow . . . adding lightness and convenience to the old and mellowness to the new.

To always-sound construction is added delightful craftsmanship in simple-patterned parquetry, shuttered doors and well scaled wood paneling. Some pieces have natural slate or flagstone tops. Native walnuts are hand polished to a warm, natural finish, or, if you prefer a refreshingly cool color, these pieces also come in "shell" (This is our 5200 series.)

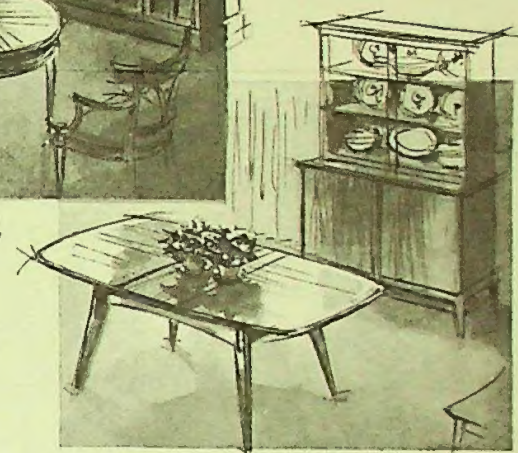

And . . . when you explore the inner beauty of the cabinet pieces, so carefully planned, you'll understand, even more fully, the meaning of "custom quality at practical prices" and pride in the hallmark . . .
